

# Focus your studies on **Women's Health**

## with an interdisciplinary **GRADUATE CERTIFICATE IN WOMEN'S HEALTH**

The Graduate Certificate in Women's health is a **15-credit program** of study designed to equip the student with an **interdisciplinary perspective on women's health and well-being**.

The purpose is to provide students with an **overview of key issues in the field of women's health**. Students will develop conceptual skills to evaluate how social, cultural, and policy issues impact and are impacted by women's health issues.

The "Issues in Women's Health" course (3 credits) is the key required course for the certificate.

Students then complete one approved course in each of the following three domains in the Women's Health:

**DOMAIN I.** Individual Experiences of Disease, Wellness, Maturation, & Growth

**DOMAIN II.** Women's Roles, Responsibilities, Behaviors, and Beliefs.

**DOMAIN III.** Economics, Politics, and Women's Health.

The final credits (to total 15) may be another course or a practicum, and must be approved by your advisor.
