

**UNIVERSITY OF UTAH
COLLEGE OF NURSING**

REQUEST FOR PAID RESEARCH ASSISTANT (RA)

Faculty with funding: The Emma Eccles Jones Research Center assists in matching student applicants for paid research assistantships (RAs) with faculty who have funding to support RAs. Sources of funding include development accounts, extramural awards, intermural awards (University funding), and intramural grants (College of Nursing Research Committee). Faculty are encouraged to seek funding from these sources.

Faculty without funding: While on rare occasions there are RAs available who are volunteers or have other sources of funding that can be assigned to faculty without funds, assignment of an RA generally is available only to faculty with funding to pay the RA salary. All faculty can request assistance of the Research-Assistant-at-Large or Research Work Study Student with time-limited individual tasks (e.g., data entry, literature searches, data collection) through the administrative Assistant to the Associate Dean for Research.

I. FACULTY REQUESTING RA

First Name _____ **Last Name** _____

Phone Number _____ **Office Number** _____

II. SOURCE OF FUNDING TO PAY RA

Account name/number _____

III. HOURS PER WEEK NEEDED

a. **Semester needed** _____

b. **Number of hours per week** _____

c. **Are specific days and times required** No___ Yes___ (explain)

IV. BRIEF POSITION DESCRIPTION

V. SPECIAL EXPERTISE NEEDED FOR THE POSITION

- ___ Word processing (Specify program) _____
- ___ Statistical packages (Specify programs) _____
- ___ Qualitative software (Specify program) _____
- ___ Clinical skills (Describe) _____
- ___ Other (Describe) _____

VI. Have you identified the person you'd like to hire? (give details):

VII. Additional information
